Tia Jannah – Bone Artist Rhythm Series Exhibit

The Plainfield Public Library announces a new exhibit by guest artist, Tia Jannah. The Library is displaying seven bone art pieces from Tia's *Rhythm* series, which is a wall series of musical instruments created with bones.

Tia uses recycled bones as an art medium, beginning each piece by trying to visualize the mental enigma of an object or symbol and the strong meaning behind it. She says that "three dimensional art has always caught my eye - art with texture and a distinctive quality. I first started designing using bones just because I wanted to use a recycled material that was unique."

Rhythm will be on display on the Main Reading Room wall until Friday, September 2, 2016.

Plainfield Public Library is located at 800 Park Avenue. For hours of operation, call 908-757-1111 or check the website at plainfieldlibrary.info.
