Plainfield City Wildlife

The Plainfield Public Library announces our latest special exhibit, "Plainfield City Wildlife" featuring the work of local photographer, Carl Monopoli. The Library is displaying 36 full-color, photographs taken by Monopoli, who is documenting the incredible wildlife of Plainfield. From the thriving fox population to frogs, birds, and bugs – Monopoli catches them all in this stunning exhibit.

Carl's interest in nature began almost at birth and he has been shooting pictures since almost that time. Photography as a pastime, he says, has only recently bordered on the obsessive. He is now 48 years old, and is shooting and posting shots almost every day in Plainfield City. He makes daily photo posts on instagram @carlmonopoliphoto and at 500px/carlmonopoli.

The photographs are located in the Anne Louise Davis Gallery Room on the lower level of the Library. The exhibit opens on August 14 and will run through October 2017; it is free to the public.

The Plainfield Public Library is located at 800 Park Avenue. For hours of operation, call 908-757-1111 or check the website at plainfieldlibrary.info.
